REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The rejection based on 35 U.S.C. 102(f) has been withdrawn based on the declaration under 37 C.F.R 1.132 filed 4/22/2004 that stated Henry Miller mistakenly signed the previous declaration filed 11/24/2003. The prior art of record does not teach or fairly suggest an assembly with a ballast having a density greater than the density of the first phase of a fluid sample and a float having a density less than the density of the first phase within the context of the structural configuration and interrelationship of the deformable bellows, ballast, and float.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Elizabeth Quan whose telephone number is (571) 272-1261. The examiner can normally be reached on M-F (8:00-4:30).
